

Dear All,

Please be informed that HCT is upgrading **Banner SIS (Student Information System) to Banner 9 (latest version)**.

In order to facilitate this important upgrade, current Banner Application and integrated systems need to be shut down from **Oct 13th Friday (12 am) till Oct 23 Monday (8 am)**.

During this period, **following systems will continue to be available:**

1. Email
2. Blackboard (without refresh of data from Banner – new enrollments or registrations will not reflect in BBLearn)
3. HCT Portal (without My Courses web part , self-service links and application shortcuts)
4. Time Attendance System (TA devices will be up for check in and check out but not TA Portal)
5. Sierra Library System (without refresh of data from Banner – new enrollments or registrations will not reflect in Sierra)
6. Syllabus Plus Course Scheduling System (without refresh of data from Banner)
7. Helpdesk System
8. Survey System (Surveys launched to external and via email)

However, **below systems will not be available:**

1. Banner
2. Banner Self Service (Student Self Service, Employee Self Service, Test Services etc..)
3. In house developed Web applications (eg: Student Attendance System, Student & Teacher Schedules, E-Grade Book, Online Marking, Exam Scheduling, Training/External PD/Research Proposal management systems, Budget Planning System, Petty Cash etc..)
4. Student E-gate
5. HireInSite
6. BI Reports
7. Curricunet
8. Document Management System (Perceptive Content)

Please take corrective measures to handle the operations on systems which will not be available during this time period.

Thanks for the understanding and support in achieving this important milestone of HCT's Digital platform.
